The development and updating of local formularies: draft guidance consultation

Latest guidance: [Latest guidance](#)

Stable angina quality standard (QS21)

Research work here at LHCH

GCP training: anyone involved in research needs to have Good Clinical Practice training. An online course is available

This course is designed to provide an introduction to Good Clinical Practice (GCP), the EU Directives, UK Regulations and Research Governance Framework requirements covering clinical trials and other NIHR Portfolio studies conducted within the NHS.

The e-learning course has a practical focus, with the key aim that participants know what to do to practise excellent GCP when they return to their workplace to ensure the rights, safety and well-being of patients and the quality of the research data.
